The Mint of the United States at ~~Philadelphia~~,

Chicago Aug 7. 1893.

Col. O. C. Bosbyshell
Supt. U. S. Mint
Phila.

Dear Sir.

I enclose the card of Mr. Felix
Salemman of the Imperial Mint of
Russia.

Mr. Salemman has just left our
exhibit expressing himself as greatly
gratified with the working of the
press. He is as quick as lightning
at grasping the ideas in the press
and said it was the finest system
he had ever seen for simplicity
and compactness.

He starts for Philadelphia

this afternoon in order to visit the
Mint.

I was quite pleased with him as
a gentleman and he certainly is
very bright as an Engineer. He speaks
French & German fluently but English
with difficulty.

If in going through the Mint he
is put in charge of some one who
can give him a good technical
explanation I know he will
appreciate it as will also

Yours Very Respectfully
